A curriculum can consist of many topics. The topics are in ALL CAPS. Also listed within each topic is the subtopic **COMPLETED IN PATHLORE**. Because some users completed the module already, this reference is necessary to give them credit.

If the topic listed includes the word **PATHLORE**:

- **Registered** means you need to complete the module in Cornerstone.
- **Completed** means you do not have to finish Cornerstone's module - go to the next topic.

Don't try to launch Pathlore's Topic, it is no longer available.
 Instead select Cornerstone's module.
